

Academy

Advance Your Sustainability Skills and Knowledge

The United Nations Global Compact Academy is designed to give you the knowledge and skills you need to meet your company's sustainability objectives — regardless of your region, sector, or industry. Available to companies engaging with the UN Global Compact at the Participant-level, the Academy provides learning opportunities to all company employees on relevant sustainability issues around human rights, labour, environment and anti-corruption.

In these learning sessions, you will engage with industry experts and corporate leaders as they discuss key topics such as fighting climate change, closing the gender gap, navigating UN-business partnerships, managing supply chains and taking business action to advance the Sustainable Development Goals (SDGs).

BENEFITS

- Discover actionable steps to apply learnings within your company and meet your sustainability objectives
- Become a leader in taking action on the Sustainable Development Goals
- Gain access to a global network of business and UN leaders, experts and peers who are shaping the sustainability agenda
- Equip all employees in your company to be on the cutting edge of sustainability
